Commisioner White Gives Cotton Planters Tips On Planting Seed

Commissioner of Agriculture John C. White expressed alarm over cotton planting seed in Texas and urged farmers to exercise extreme precautions when making purchases.

"It has been known for some time that a shortage of cotton seed existed for the 1951 goal of 11,000,000 acres," Commissioner White stated. '·Quality seed were booked early and supplies completely exhausted. Texas seed stocks were supplemented by what amounts could be purchased from other states and much of this seed has come in labeled below standard for germination or approximately 60%."

"Additional seed stocks needed for this year's acreage in Texas will come from seed at gins, oil mills and from farmers themselves," White explained. "It is this seed about which I am alarmed and concerned since we have found in our two state seed testing laboratories that samples submitted from these sources run as low as 3% germination."

The Commissioner reminded seed purchasers that every sack of seed offered or exposed for sale in Texas is required by law to have a tag attached showing germination percentage. "In the case of bulk seed," the Commisioner added, "the seller is required to furnish one tag for each one hundred pounds of the seed sold."

'·I urge all purchasers of cotton seed to exercise avery precaution and care. The facilities of our seed laboratories are available to all Texas farmers. A little discretion at this time in demanding to know the germination percentage of the seed will eliminate disappointments in stands as well as time, money and possible loss of crops," Commissioner White said.

Public Invited To See Telephone System In Action Here Soon

Telephone company employees here will be hosts on Wednesday and Thursday, April 11 and 12, at an Open House at the Telephone central office, 112½ North Houston, to permit Cameron people to see their telephone system in operation, according to C. L. Carson, manager of the Soutwestern Bell Telephone Company.

Everybody is invited to visit the telephone office, Carson said, and preperations are being made to show hundreds of people through the building. Visiting hours will be from 1 to 4 and 7 to 9 p. m. both days.

Local operators and telephone men will be on hand to serve as guides, escort the visitors through the building, and explain the equipment, the switchboards and the special exhibits brought here fro the program, the manager said.

Visitors will see where all the wires serving Cameron Telephones meet; they will see the big batteries that furnish current to carry voices over the wires, and the machines that ring all the city's telephones, Carson said.

The guides will show how the intricate telephone equipment works and will explain how operators connect long distance calls at the switchboard.

Several special exhibits will be brought to Cameron for the open house, according to the manager. With special machines, visitors will be able to both see and hear their own telephone voices. In addition, there will be an interesting demonstration of cable splicing.

Stewart's Grocery Is Staging Big Anniversary Sale For Customers

Food shoppers will have an opportunity to get some real bargains this week at the B. F. Stewart Grocery & Market, who is celebrating their 21st. Anniversary.

The B .F. Stewart Grocery & Market features a wide variety of merchandise and this sale is strictly a cross section of the big store's stock of fresh merchandise.

The store has laid in fresh stocks for customers and the prices quoted in this sale will be an index to the bargains throughout the store in this event.

The B. F. Stewart Grocery & Market, popular trading center for many years, is proud to offer these bargains to customers, who for the pas 21 years have made progress of this food center one of the most popular in the county.

MARRIAGE ANNOUNCEMENT

Mrs. Minnie Sager of Vogelsang Community announces the coming marriage of her daughter, Evelyn Norene Sager to Madison Gene Selph. The wedding will take place at 7:30 P. M. Saturday, March 31 at the St. James church at Vogelsang.

NOTICE!

County Judge, Dan Tyson, has called a county wide meeting for Wednesday, April 4, 1951 for the purpose of discussing and formulating plans for civil defense program. Representatives from the State Dept. of Public Safety as well as other informal speakers will be present to explain the county wide defense setup. All interested citizens are urged to be present. The meeting will be held in the District Court room at Cameron at 3 P. M. April 4th.

Milton Schiller Seeks Re-Election

Milton J. Schiller, well known young businessman, is a candidate for re-election as a member of the board of aldermen, subject to the election to be held on April 3, 1951.

Mr. Schiller has taken an outstanding and active part in the accomplishments the city has made during his first term as a member of the city council. He is a heavy tax payer and as a good businessman realizes the important responsibility placed on an alderman. He has always been interested in the welfare of his city and is active in civic work.

On April 3 the voters of Cameron will go to the polls to elect three members of the city council. It is gratifying to know that this time the voters will have a choice out of a field of seven candidates rather than the usual three, as has been the custom for many years.

"I believe that this is a good sign that the people of Cameron are awakening to the fact that they want to take an active part in the affairs of their city, Mr. Schiller said.

"Cameron has made progress in the past two years and there is much more to be done before the tax payer will be getting his full value of his tax dollar."

"The citizens of Cameron know what I have stood for during my first term as a member of the council. I am offering for my first reelective term and should I be renominated, I will strive to do as I have done in the past years to bring about better conditions and improvement in our city and make it a better place in which to live and raise our families."

Walter F. Sharpe Elected President

Walter F. Sharpe, well known Cameron jeweler, was recently elected president of the Cameron Rotary Club it was announced by Bill Burns, out going president of the club.

Mr. Sharpe will officially take over as head of the organization July 1, 1951. He has been one of the outstanding members of the club since it was first organized several years ago and has been active in both church and civic work in the city.

Directors were elected for the year and are as follows: Rev. John Solomon, Milton Schiller, Dr. C. G. Swift, W. T. Hanes, Bill McIntosh and Mr. Sharpe.

Rev. Robert E. Goodrich, who is currently holding a revival at the First Methodist Church, was guest speaker and gave a unique talk on "The Measures of Man."

Rev. Goodrich pointed out in his talk how an athlete is measured by his physical strength, a college professor as to his intellect, a banker according to his wealth and a christian, the most important one of all, as to his spiritual assets in living a good Christian like life.

Dr. Mark Magers was program chairman and introduced Rev. Goodrich.

Rev. Jimmie Record, minister at the First Church of Christ visited in Fort Worth, Abilene, Hearne and Temple during the past week.

County-Wide X-Ray Dates Are Set

The Free TB X-Ray Service sponsored by the Milam County Health Unit in collaboration with the State Health Department will be held in Cameron on March 30 and 31 and April 2 and 3, at the Hefley Stedman Motor Company, according to Hinton Pruett, County Chairman.

The unit itself and all expenses incurred in bringing it here is absolutely free to the public.

A number of arrangements have been made and several committees have been appointed. Members of the different civic clubs and organizations in the city will assist the unit.

Everyone 15 years of age or older is urged to have a free X-ray test made. The survey is county-wide and the unit will be in Rockdale on Friday and Saturday, March 23 and 24 and in Thorndale on March 27 and 28.

Citizens over the county are urged to have a test at one of these localities so that a more complete survey of the entire county can be made.

Reports on the tests will be given individually within two weeks after test is made and any case of Tuberculosis discovered will be reported to the individual through the family physician.

The X-rays should be taken each year and through this method the number of tuberculars in the county can be detected and those who are affected by the disease can begin treatment for cure at once.

School teachers are urged to instruct pupils to inform their parents on the urgent need of having X-rays made. It is an extreme necessity that X-ray be made each year as people can easily become victims of this disease over a short period of time.

The Unit makes its general appeal to all citizens to have X-rays made this year and in the future as these services are provided free of charge and the people of the rural aeras of the county should make special efforts to have X-Rays made at one of the three locations.

Business Firms Are Listed In Directory

The 1950 edition of the Directory of Texas Manufacturers, just off the press, include 13 firms in Cameron in its description of the 9,800 manufacturing companies in the state. Cameron business firms that are included in this group are as follows: Cameron Cotton Oil Company, Cameron Ice and Cold Storage Company, Cameron Mattress Factory, Cameron Pastry Shop, Chamberlain's Dairy, Coca-Cola Bottling Company, Eagle Chemical Company, The Cameron Enterprise, Fairmount Creamery, The Cameron Herald, Kunz Planning, Mode Boot Shop and Moody Gravel Producer.

The 306-page book lists all these businesses, first by location, second by the products they make. The Directory also presents a concise analysis o every major city and town, giving the 1940 and 1950 populations, the locations of the city and its transportation facilities, the number of its retail and wholesale establishments and their volumes of business, and a listing of significant area resources.

To safeguard the accuracy of Directory listings, the book was compiled, by use of a new system, direct from electric-tabulating cards. This method of publication will also allow for more frequent revisions and more supplements to the Directory. The Cameron Chamber of Commerce and other Chambers throughout the state gave invaluable help in collecting data for the Directory.

Each firm in the Directory is listed by its exact name and address, followed by the names of officers in the company, type of organization, date of establishment, products made, distri-

John C. Andres Seeks Re-Election

John C. Andres, widely known business man and civic leader seeks reelection to the post of Alderman, subject to the general election to be held on April 3, 1951.

Mr. Andres has served as alderman for the past two terms and during this time he has tried to serve the people of Cameron in an efficient and economical way to further the progress of the City.

Mr. Andres in seeking re-election is responding to the solicitation of his many firends throughout the city who point to his record of service as a member of the council and that his experience will enable him to render better service.

He said that he greatly appreciates the pledges of support from his friends and is thankful for the recommendations that have come to him for the fine service he has rendered to the city.

The election is to be held on Tuesday, April 3, the office of Alderman is an important one in relation to the conduct of the affairs of the City. Mr. Andres will greatly appreciate your vote and support and pledges to you that he will continue to serve you as he has in the past, faithfully and with complete loyalty to the best interest of all the people.

East And West Texas Gets Rain

Cameron and vicinity received a welcomed rain which amounted to 3.04 inches up until noon Wednesday. The slow, soaking rains, the kind which ranchers and farmers have been hoping for fell on most of Texas Monday, with only the upper south plains still left dry.

The forecast was for more of the same on Tuesday, with no heavy rain but occasional showers.

At most points, the rains were light but steady, giving new life to wheat crops and spurring the growth of spring grasses and vegetable crops.

At Plainview, where the wheat crop needs rain for life, only .20 inch was reported. This drizzling mist was the first rain since September, with the exception of .09 recorded about a month ago.

Farmers in the Midland area still were hoping for more than the quarter of an inch that fell generally in that area Monday.

In this area, however, the rain was called "the most beneficial kind" since its slowness lessened the possibility of erosion.

Skies were reported clearing late Monday around Big Springs which had .16 of an inch of rain.

Pastures were given a break around Wichita Falls, where a steady rain started at 11 a. m. and amounted to .21 inches in Wichita Falls and as much as .50 in near-by areas. This rain was a boost to wheat farmers trying to salvage a crop badly damaged by the last freeze.

Young and Archer Counties also enjoyed slow, soaking rains. At Throckmorton, .47 was reported, enough to help growth of grasses but too late to benefit wheat crops which suffered in the freeze.

The rains arrived at Brownwood at the same time at 500,000 tomato plants scheduled for planting Tuesday. The moisture was enough to help both irrigation and dry land farmers who already had planted sweet corn. Browwood recorded .80 of an inch.

Farmers at Electra were reported jubilant over a fifth of an inch of rain which fell on young wheat crops.

At Paducah, 1.20 inches of moisture fell on dry parched cattle country, the first notable moisture since September. Farmers and ranchers termed it "a $1,000,000 rain," and believed the rains would provide enough moisture to prepare land for planting purposes.

Intermittent light showers left only .12 of an inch in the Colorado City area, where only alfalfa has shown any signs of life.

Employees Of Power Co. Get Hospital Insurance With Added Service

An added service to ts employees has been worked out by Texas Power & Light Company in a plan for broadened hospital and surgical benefits for them and their dependents with the Company participating in the cost, according to Henry M. Siebman, TP & L district manager at Cameron. Ninety-three per cent of all employees enrolled in the plan.

'·The monthly cost to the employees under this plan is low," Mr. Siebman said, "and its coverage is greater than most employees formerly car-

Pallbearers were members of the Buckholts American Legion Post.

RABID SITUATION—

citizens from the rural areas as well as people of the city have expressed their opinion that the Commissioners court should place a bounty of $3.00 on both foxes and wolves in order to encourage hunters to kill out the rabid animals and bring the situation under control. This of course would be very appropriate and advantageous to both the court and the people since some kind of control measures on these rabid animals must be instituted.

It is very encouraging to note that the Medical Society of the County is highly interested in the eradication of these animals. The determination among the citizens to stamp out this acute condition should be supported by civic clubs and organizations of the city and county. Cooperation in such an effort is of vital interest to everyone as many lives are endangered with the present threat of this horrible situation.

Beneficial Program On Hog Production

Approximately 250 hog raisers and producers attended the meeting at the Simon-Gorge Memorial Hall Wednesday night, March 21, according to Leo Fuchs.

Mr. Fuchs said the program featured the showing of films pertaining to the hog raising business which will be of great value to the producers in the surrounding areas of the county.

There were a number of discussions that brought out the best and most beneficial practices to be utilized in making the business a pay off proposition.

One of the films, entitled "A Trip Through A Pig Factory" was very interesting and showed how the embryo pigs are developed during the gestation period and how important the proper and adequate nutrition is to the brood sow. The proper feeds during this period is highly essential and producers should take special effort to see that their brood sows are properly taken care of in order that production might be increased.

Most of the communities that surround the city of Cameron were represented at the meeting and it was one of a series of educational meetings being sponsored by the Chamber of Commerce.

A number of local men made brief talks on hog production and it was regarded as one of the outstanding meetings in recent months.

More Men Accepted Now By The Army

A call has been issued by the Milam County Draft Board for twenty-eight men for pre-induction physicals from Milam County, according to August G. Kunz, chairman of the local board.

This is the ninth call for men from this County to report for preinduction physicals since the Korean War began and they will leave Cameron for Love Field Recruiting Station on March 22 where they will receive their examinations.

Since physical requirements have been lowered on draftees, around 70 per cent of the men are now accepted by the army, it was reported.

Both State and national headquarters hav eissued quotas for more men ters haveissued quotas for more men more men might be called up from this county.

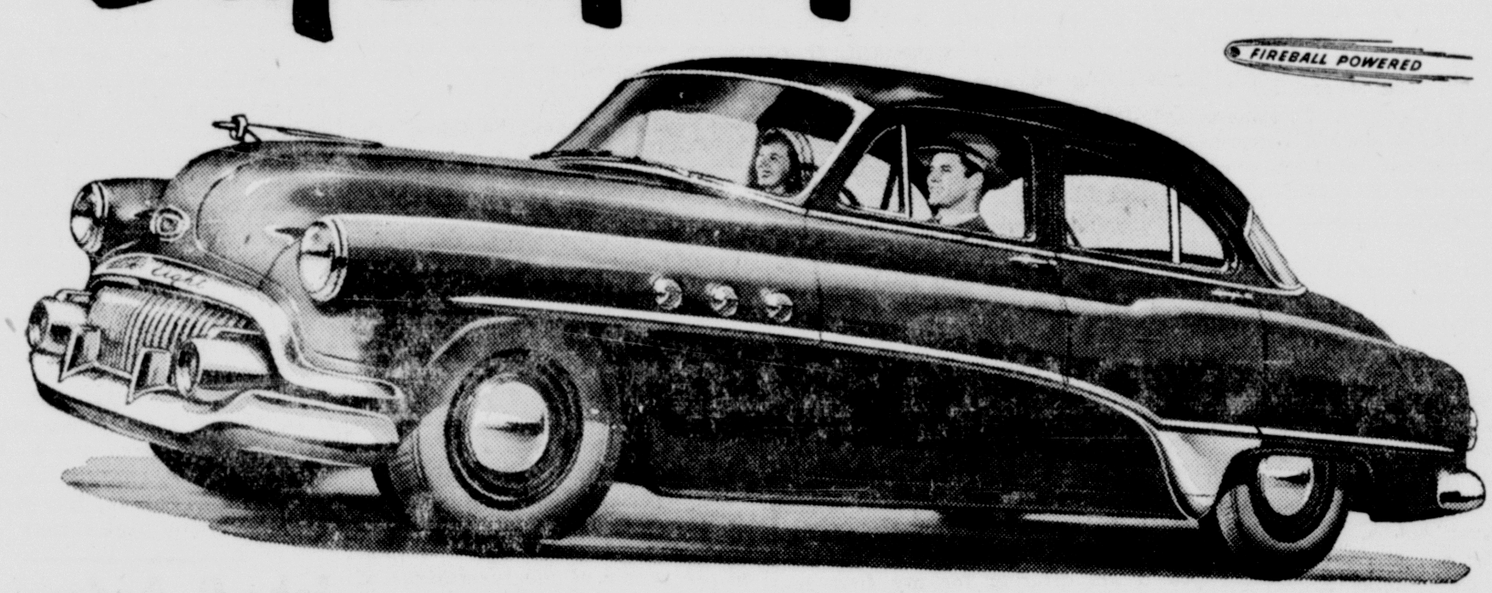
Big step up



that's easy to take!

YOU have to hand it to Buick engineers. What they've done to this 1951 SPECIAL is nothing short of a minor miracle.

They've stepped up its style with a brand-new body, an eager new thrust-ahead look, a gleaming new push-bar forefront that's as ruggedly protective as it is stunning to see.

They've stepped up the smartness of its interiors with the smartest fabrics that ever graced the interior of this Buick Series.

They've stepped up the safety, by the sharp new clarity of white-glow instrument markings more easily read at night.

They've stepped up the power to the highest ratings in SPECIAL history—120 horsepower with Synchro-Mesh transmission, 128 with Dynaflow Drive.

They've come up with a car that's new in everything from the ground up—and a price that's the best news of all.

So, if you've been toying with thoughts of buying a lesser car—better come in and see how easy it is to step up to this thrifty marvel.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

DYNAFLOW DRIVE*—saves strain on driver and car
FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
PUSH-BAR FOREFRONT — combines smart style and unsurpassed protection
WHITE-GLOW INSTRUMENTS—greater clarity at night
TORQUE-TUBE DRIVE — steadies ride, improves driving control
4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
DUAL VENTILATION—outside air fed separately to right or left of front compartment
SELF-ENERGIZING BRAKES — hydraulic—multiply pedal-pressure five times at brake drum
DREAMLINE STYLING — tapered, car-length fenders, gleaming sweepspears on most models
Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

*Standard on ROADMASTER, optional at extra cost on other Series.

People Urged To Take Action At Once On Farm To Market Road Situation

Are citizens of Cameron and Milam County interested in the progress and development of the Farm to Market road system?

That is an important question and at the same time a very vital and essential question.

The Graham Bill H. B. No. 226 has been in the hands of three committees in the present legislature and it will probably be decided on the floor of the house in the near future, according to Walter J Hammond in a letter received by Dennis Klein, president of the Milam County Farm Bureau.

Mr. Hammond said in a letter, to keep the people up to date on the status of the Graham Bill, it was reported out of the State Affairs Committee on Monday night, March 12 The Committee was stacked against those in favor of killing the bill, but on the following morning, on the floor of the House, upon motion made by Representative Dolph Briscoe, the bill was re-referred to the Committee on Agriculture where it lies at the present time

He said he does not know what the next move will be, but you can be assured that the administration will, if at all possible, maneuver in every way to get action on the bill The administration plus the gas industry, will use every means possible to rally support the Graham Bill which wants the highway department to have the funds allocated instead of the farm to market program that was instituted a few years ago that have been very beneficial to Milam and other counties throughout the state

Mr Hammond said those in favor of the continuance of farm to market roads cannot relax now. He said he was convinced that the bill will be decided on the floor of the House, and suggests with strong emphasis, that people contact their representatives, regardless of whether he had agreed to support the bill or not, and contact them immediately as time is an important factor and it should be attended to at once.

The people must voice their opinion on this matter and only by contacting your representative and appearing in a group at the hearing of this bill can any influence be had from the people. "Write, phone or wire your representative at once," Mr. Hammond declared.

Farm to market road construction in the county has benefited the merchants and business people of this and other cities of the county and the business people should take an active part in this matter. The continued construction of farm to market roads will be an advantage to them in many ways.

Week end guests in the home of Mr. and Mrs. Joe. J. Marek of Buckholts were, Mr. and Mrs. Bill Dokupil and family of Burlington, Mr. and Mrs. Frank Ermis, Jr. and son of Granger, Mr. and Mrs. Lester Beaty and Grandma of Milano, Frank Ermis Sr., of Austin, Ludmilla Ermis of Austin and Mr. and Mrs. John Michna of Cameron.

Miss Ular Lee Baker has accepted a position as clerk in the office of The Tax Collector here. Miss Baker takes the place of J. P. Gooch who has moved to Houston. Miss Baker was formerly secretary for W. C. Wallace, Attorney, who was recently called back to active duty in the Armed Forces. She was also Secretary at Henry's Dress Shop.

The J. L. Callaways Seriously Injured In Accident Friday Night

Mr. and Mrs. J. L. Calloway were seriously injured in a car accident near Castro Friday night, March 23.

Mr. Callaway sustained a broken collar bone, cracked ribs and a number of cuts and lacerations about the head. Mrs. Callaway received minor cuts and bodily bruises and cuts. They are both in the Carthage Hos-

They were on their way to spend the Easter Holidays with his parents, Mr. and Mrs. J. L. Callaway Sr., of Shreveport, Louisiana and as they approached a truck without a tail light, in an attempt to miss the truck, Mr. Callaway suddenly pulled his car to the right and turned over three times when he applied his brakes. They were driving a 1950 Plymouth.

Bill Burns of the Marek-Burns Funeral Home will leave for Carthage sometime Monday and bring the Callaways to Cameron where Mr. Callaway will have to be confined to the hospital for several days.

Mr. and Mrs. Jim Neinast, parents of Mrs. Callaway, and Mrs. H. E. Garner were in Carthage Sunday to see them.

Mr. and Mrs. Bobbie Reese and baby son, Randy visited Mrs. Reese's relatives at Lockhart the past week end.

Linda Gayle Tindall, daughter of Mr. and Mrs. Prestley Tindall has returned to her home after having a tonsilectomy at Newton Memorial Hospital. She is reported recovering nicely.

Mr. and Mrs. Oro Arnold and girls of Camp Hood and Mrs. Fay McFarland of Dallas visited Mrs. Minnie McFarland a few hours Saturday.

For 52 years it was entitled "An Act to Establish a Uniform System of Bankruptcy Throughout the United States." Recently Congress changed the name to the "Bankruptcy Act." It's encouraging to learn that the government really isn't intent on bankrupting all business.

Judging from the latest news from Washington, the sculptor isn't the only one who makes his living out of chiseling.

Big Navy Guns Hit Enemy's Life Line

(From the Daily)

TOKYO, March 26— The Navy announced Monday that United Nations forces struck heavily behind Communist lines over the Easter weekend on both sides of the Korean peninsula far north of the 38th parallel.

The bulletin disclosed that Korean Republican forces smashed ashore on the west coast 41 miles north of the old political boundary and only 21 miles from Red Korea's major Yellow Sea port of Chinnampo.

The landing in unspecified strength on the Wolsa Ri peninsula occured Saturday and subsequent "reconnaissance' put 169 Communist soldiers out of action in the area.

Heavy naval surface bombardment maintained the United Nations stranglehold on the Reds' east coast life line.

The attacks were concentrated at Wonsan and Songjin, cities 80 and 164 miles north of the parallel, which General MacArthur has given his main ground forces a green light to cross whenever necessary.

These forces, however, continued to encounter stiff Communist rear guard resistance at several points a few miles south of the arbitrarily-drawn political and geographical line.

Communist propaganda outlets remained silent, meantime, on MacArthur's offer to negotiate an end to the fighting with the Red commander-in-chief.

As of Monday morning Tokyo monitors reported Peking radio had remained mum on the supreme commander's peace bid.

But the rearguard of the main Red forces—battered by nearly a quarter-million casualties in the past 60 days of the U. N.'s "Operation Killer"— fought doggedly on the Western front and from hill entrenchments less than six miles below the parallel in the central sector.

The U. S. Navy reported in Tokyo that a South Korean amphibious force landed Saturday on the Walsa Ri Peninsula, only 21 miles from Chinnampo, the Taedong River port for North Korea's capital of Pyongyong.

We feel stronger every time Eisenhower refers to our future generation. For awhile we doubted if there would be any.

The stronger sex is usually the weaker sex because of the strength the weaker sex has over the stronger sex; or is it because of the weakness of the stronger sex for the weaker sex?

In the past all the Reconstruction Finance Codporation needed was refinancing. Today, what it needs is reconstructing.

Certain Workers Not Included In Benefit Provisions Of S. S.

Full-time work on a farm or ranch and wage earners working in a private home are now included in the benefit provisions of Od-Age and Survivors Insurance, your Federal Social security.

Workers age 65 or older can now qualify for social security retirement payments with as little as 18 months work on jobs covered by this system. When a worker reaches age 75 and qualifies by filing a claim wages in any amount can be earned without affecting his monthly retirement benefit.

The Austin social security office will have representatives in Cameron on Tuesday, April 3 at 1:00 p. m. You can see their representatives at the Department of Public Welfare and get all the information you need about your social security.

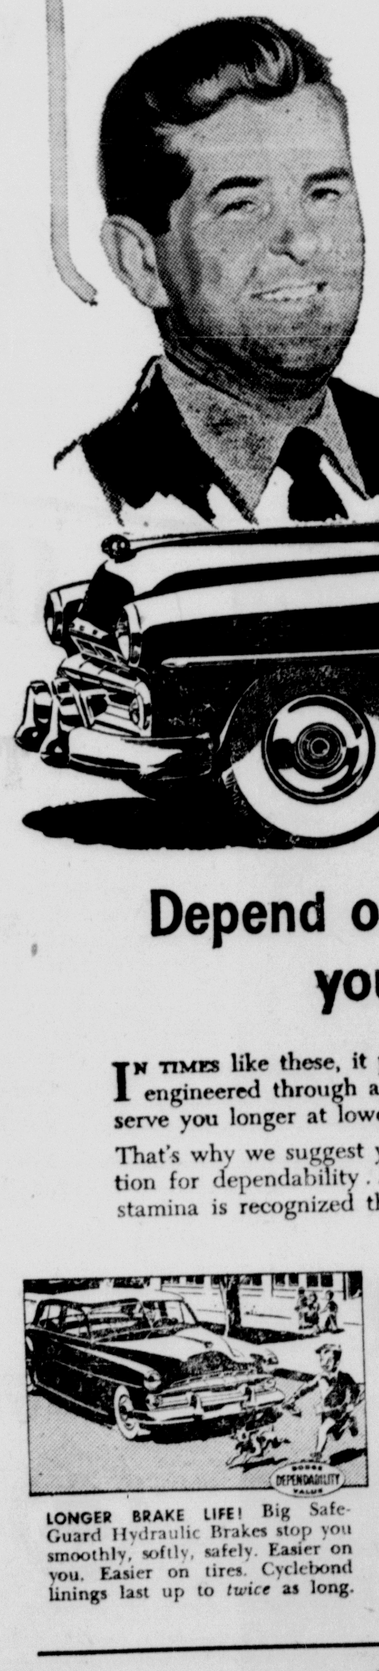
"We've driven our 5 Dodge cars over a million miles"

Says GEORGE GILL, Taxicab Fleet Operator, Red Bank, New Jersey

"When five standard Dodge sedans cover a million miles you begin to realize what Dodge dependability means. Four of our Dodges are still going strong. One, after 400,000 miles, was finally retired from service. All those miles were safe, dependable, comfortable miles for our passengers—amazingly economical and trouble-free miles for us."



Specifications and equipment subject to change without notice.

Depend on it! This great new Dodge will see you thru the long pull ahead!

IN TIMES like these, it pays to own a car you *know* is engineered through and through to stand up better, serve you longer at lower cost.

That's why we suggest you drive the car whose reputation for dependability . . . for long life, ruggedness and stamina is recognized the world over.

Styled to the minute, extra roomy with wonderful new "watchtower" visibility, more comfortable to ride in, easy to park and handle—this year's great new Dodge is the car to see you through the long pull ahead.

Spend 5 Minutes With Us

Come in today. Five minutes is all it takes to check and compare . . . to learn how much more Dodge dependability can mean to you. We'll be glad to show how you could pay up to $1,000 more for a car and still not get all the extra room, ease of handling and rugged dependability of today's big Dodge.

LONGER BRAKE LIFE! Big Safe-Guard Hydraulic Brakes stop you smoothly, softly, safely. Easier on you. Easier on tires. Cyclebond linings last up to *twice* as long.

DEFIES ALL WEATHER! Water-tight, dust-tight sealing keeps you snug and dry . . . the engine purring. Body is insulated against heat in summer . . . cold in winter.

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the LaSalle Hotel, Bryan, Friday only, April 6, 9 A. M. to 4 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

E. White, James Terry, Roland Kaderle, Leroy Thompson, H. D. Maxwell, Father Ben Holub, Bassell Wilson and Walter Lester.

The following chairmen were appointed for respective committees and will select helpers in the immediate future: Donald Glass, Civic Improvement Committee; Education, L. Van Perkins, Health and Sanitation, Dr. C. G. Swift; Publicity, Max McClaren, Trade Development, A. W. McCullin.

After the committees and chairmen were lined up for the coming year, Mr. Arthur told the directors that Dennis Klein, president of the Milam County Farm Bureau had asked him if the Chamber of Commerce would consider backing Bill H. B. 669 that Henry Lehman introduced recently to the legislature that would aid the farm to market road program in the county and state. The directors took no action on the matter but all agreed that the chamber should support such a bill since it would greatly benefit the farm to market road program in this county and also since our representative introduced the bill.

The chamber is looking forward to a most successful year and if the merchants and businessmen and citizens of surrounding areas cooperate with the Chamber much can be accomplished.

Oscar And Beutena Are Favorites At Ideal Hatchery Home

Have you seen Oscar the rooster? Oscar is a New Hampshnre red, one month old and lives in a glass, five gallon jug at the Ideal Hatchery. the question is how will Oscar get out of the glass jug?

Oscar was placed in the jug at a week old through a small opening that he has now outgrown. He is being well fed on Purina Chick Startena and water and is very happy and content with his home.

Mr .Fuchs has Oscar in the display window at the Hatchery and you may stop by and see this rooster that is so pleased with living in a bottle.

Another interesting sight at the Hatchery is Beutena, white faced heifer calf to be given away in June to some lucky person who purchases 100 pounds of feed.

Beutena is being fed Purina calf Startena, hay, and water. She lives in a pen at the Hatchery and enjoys being petted by the customers.

Beutena will be given to the lucky person, at 10:30 a. m. June 6, 1951.

SAND GROVE NEWS
By MRS. CURTIS JACKSON

The community has enjoyed the nice rain that was greatly needed. Many could not plant crops due to the dry weather and now everyone will be very busy getting up with their work.

Farmers are expecting tomato plants in this week.

Friends were saddened to learn of the death of Mrs. W. R. Givens, who passed away at St. Edward Hospital the past Wednesday night. Mrs. Givens is the mother of Mrs. O. T. Bankston of this community. Mrs. Bankston spent some three months with her mother at Fort Scott, Kansas, while she was recuperating from a stroke and Mrs. Givens had returned with Mrs. Bankston. She was 90 years old and was still able to care for herself, her husband and the home. Mrs. Givens was very active for her age. Our sympathy goes out to the family. Mrs. Givens was the mother of seven daughters, two preceeding her in death. Her husband, W. R. Givens of Ft. Scott, Kansas also survives. Burial was made in the Sand Grove Cemetery.

Visiting in the O. T. Bankston home the past week end were Mr. and Mrs. Carl Weston of Iowa, Helen Garrison of Oklahoma City, Mr. and Mrs. Leland Garrison and son, Tommy of Milano. Mrs. Weston is a sister of Mrs. Bankston. They attended the funeral of Mrs. Givens.

We welcome Mr. and Mrs. W. T. Bagget back to the Community.

Mr. and Mrs. W. T. Baggett had as guests in their home their son, Barnie and his new bride the past week end. Mr. and Mrs. Otto Veckert of Bellville were also visitors in the Baggett home for the week end.

Guests in the Curtis Jackson home for the week end were Mr. and Mrs. Bill Ramsey and girls of Pasadena, Mr. and Mrs. Wallace Franks and son, Bobby of Houston and Mrs. Oscar Strader of Houston.

Mrs. Viola Neal and son, Ray visited in the home of her son and daughter-in-law, Mr. and Mrs. Harold Neal.

Miss Lulla Faye Michall and Barney Gayle Baggett were married recently in the home of Mr. Baggett's uncle and aunt, Mr. and Mrs. C. W. Jackson at 207 East 23rd street in Houston.

Rev. Ed Stowell Mace read the double ring ceremony in the presence of a few close friends and relatives.

The bride chose for the wedding a gray suit with navy accessories and an orchid corsage. She was attended by Mrs. Bettye Ramsey. C. W. Jackson served his nephew as best man.

Following the wedding a reception was held at the C. W. Jackson home.

The bride is the daughter of Mr. and Mrs. John Michall of Corpus Christi. The groom is the son of Mr. and Mrs. W. T. Baggett of Milano.

Following a short honeymoon to points of interest in Texas the couple will make their home in Pasadena. Both are employed by the Champion Paper and Fibre Company of Pasadena.

Red Cross Drive Lagging In County

Realizing the demands made upon Red Cross funds have multiplied approximately 20 times over what they were before the Korean War, citizens of Milam County are responding generously to the fund campaign now underway, reports Earl Curtis, chairman of the drive in the county. The quota is still lagging however and everyone who can possibly do so is urged to contribute to this important drive.

A youth home on furlough to visit his family in this country wired for a five day extension after his mother was taken suddenly and critically ill. The answer came back "Clear through Red Cross." meaning that Red Cross works in this county were to investigate and validate the claim which called for telephone calls and wireless messages to headquarters but the necessary extension was granted because chapter workers were on the job. This is only one of many services as contact agency the Red Cross supplies service men and their families.

Mrs. Agnes Lowe, secretary of the Red Cross chapter, reports that Mrs. Willard Coper and Mrs. W. C. Freeman, collectors at Maysfield, have reported that $74.67 has been collected there and Elm Ridge, with Frank Tomek and Phillip Reimer as collectors, had collected $41.50 of their $45.00 quota up through Saturday. The Thorndale Community area under Jamie Clark had raised its colections to $950.00 by Saturday night and expects to go over $1,000, Mrs. Lowe said. Other communities are realizing successful drives but have not yet reported.

Albert Collins, chairman of the Special gifts for the city of Cameron, has reported that he is nearing the completion of his work and expects to rase around $1200, which is a little under former years and the quota is higher than previously named. He urged those who have not yet responded to the special gifts letter, to please make their contributions within the next day or tow.

"Bitter Rice' Dramatic Achievement At Milam Theatre April 1 and 2

The full sweep of elemental passions (to use a conservative phrase) has always intrigued and attracted the makers of Italian films. So it is not in the least surprising to find the new Italian picture at the Milam Theatre a frank and whole-hearted surrender to this congenital urge.

"Bitter Rice" which is the picture that will open there April 1 is an earthly and elemental as any picture you are likely to see. Passion toils and tumbles through it like the wrestlers in a gas-house free-for-all and torments of carnal hunger are boldly and rawly exposed. Towards th end, all its passion and concupiscence go swirling down the melodramatic chutes, but while they're bubbling and boiling in this picture, they make quite a gamey peasant stew.

For "Bitter Rice" tells a fateful story of a lusty young woman who works among the migrants in the Po Valley rice fields at the annual harvest time. And since it is closely in contact with the realms of fertility, it dwells with considerable candor upon this essential theme.

The story of a migrant rice worker who pursues an arratic career of benevolence and resistance towards a troubled young "scab" in the group, until she falls in with the latter's hoodlum swetheart and lets her passion for him lead to ruin, proves nothing more positive or subtle than the moral that crime does not pay and that tragedy, bitter and oppressive, is the inevitable harvest of human lust and greed.

This show is for adults only.

Eugene Jekel Suffers Serious Injuries In Auto Accident Monday

Eugene Jekel of Cameron was injured in a car accident near Wharton early Monday morning.

The accident occured at Wharton when Roy Mangrum of Alice crossed in the path of Jekels automobile at the intersection of the Boling Highway and Fulton Street in that city.

Slim And His "Ali Species"

Slim Baker, who's always doing something crazy, had a lot of people smiling last week because his entry won a ribbon in the Women's Club Annual Pet Show.

Seems as though Slim saw a strange-colored alley cat with no tail over at Central City and brought it home. He washed, combed, and brushed it and put a collar on it with a card reading "Ali Species." Then he enters it in the show.

Hanged if the ladies didn't think it was some rare kind of cat and gave it a special award! When one of them asked Slim where she could get one like it, he said, "It's all yours, M'am—I can get an *'Alley Cat'* anytime I want!"

From where I sit, some of us are pretty easily "taken in" just because someone else says it's so. Whether it's awarding prizes or passing judgment on a person's right to enjoy a temperate glass of beer—let's take a good look from stem to stern, and learn what it's all about before making up our minds.

The Henry Michalkas Given House-Warming Thursday Night

The Henry Michalka's were given a surprise house-warming by a host of friends, Thursday night March 22. The Michalka's recently moved into their beautiful new home in the Green Addition.

The group gathered at the home of Mr .and Mrs. John Davis, neighbors of the Michalkas where they formed a body and walked over to the Michalka home. After assembling in front of their home, Mrs. Carroll Green pushed the door chimes and the group began singing appropriate songs for the occasion.

Each one presented the Michalkas with a gift and the women prepared a delicious covered dish meal, served buffet style, consisting of sandwiches, roast, cold cuts, cheese squares pickles ,olives, snacks, potato salad, and other dainties.

Mrs. Michalka showed the group through the house in her charming manner and an hour of fellowship and entertainment followed.

Mr. and Mrs. Michalka expressed their appreciation to their many friends for the many lovely gifts they received. The home is one of the most modern of the day. Members of the group gave their best wishes and congratulation to the Michalkas.

Burlington Man Is Wed To Miss Linda Gay

Miss Linda Gay of Wichita Falls and Pfc. Rubin L. McCullum of Burlington were united in marriage February 22. Rev. W. G. Garnett performed the double ring ceremony at the brides home at Henrietta.

Miss Evelyn Sager Complimented With Shower At Vogelsang

Miss Evelyn Sager, bride elect of Gene Selph was complimented with a miscellaneous shower at the Vogelsang Community house Friday evening, March 9.

Hostesses were Mesdames Albert Dorner, Henry Reddehase, Dennis Klein, Archie Prokish, Robert Lee Folschinsky and Miss Wanda Jean Sager.

The hall was attractively decorated in keeping with Easter and the colors, pink, white and blue were carried out. A large Easter bunny holding an umbrella on a reflector with green grass and Easter eggs all around made a humurous centerpiece for the pink covered table that held all the brides gifts.

Pot plants and Narcissus were placed at vantage points about the hall. A miniature bride was placed on the registering table.

Miss Sager chose to wear a pink suit with black accessories and a blue carnation corsage.

Mrs. Prokish and Mrs. Klein had charge of the games. As the guests arrived a miniature chicken or Easter bunny was pinned on them, this way choosing sides and several interesting games were played during the evening.

After the games the honoree opened her many gifts and passed them to be admired. She was assisted in opening the gifts by two girl friends, Alice Calhoun and Joyce Kelb of Houston, Mrs. Lucille Prokish and Wanda Jean.

Mrs. Giles Burnete of Cameron is ill and in Newton Memorial Hospital for medical treatment.

Mr. and Mrs. Monroe Smith of Houston were Easter Sunday guests of his mother, Mrs. Gene Smith.

National Guard Unit Receives $2,000.00 Payroll This Week

Enlistments Have Increased During The Past Three Months

By LLOYD ALBERTSON

Checks for the most recent armory drill pay period were being received by the officers and enlisted men of Battery C, 649th Anti-Aircraft Artillery Battalion this week. Figures were not immediately available, but it is believed the payroll will total about two thousand dollars.

The checks were mailed directly to the guardsmen from Fourth Army Headquarters Finance Office at Ft. Sam Houston in San Antonio.

Captain Rudolps Michalka, the Battery's Commanding Officer, reported that new enlistments had been made in the unit recently. He said the new Guardsman was Frank W. Glass, Jr., a farmer.

Capt. Michalka also stated that a new T O & E for the organization has been received. It increases the size of the Battery by approximately twenty percent, and also substantially increases the number of ratings for enlisted men. As a result, a number of promotions in the unit are contemplated. These will be announced at an early date.

Deadline For Retailers To File "Price Charts" Moved Back To April 30

The deadline for retailers selling clothing, furniture and some other goode to file "price charts" with the Office of Price Stabilization has been moved back from March 29 to April 30.

O.P.S. has been swamped with urgent appeals from many of the 200,000 retailers affected for more time to prepare the "price charts." The businessmen complained that the Busy Easter Season did not permit the heavy burden of paper work required by the O.P.S. order.

The time extension came as an amendment to O.P.S. Regulation 7, which was announced on February 28.

This regulation established a "margin" type of control on furniture, clothing, floor covering, lamps, yard goods, and curtains. This constitutes about 75 per cent of the good sold in an ordinary department store.

Reds Cut Off By Airborne Forces

(From The Daily)

TOKYO, Friday, March 23— Tough American paratroopers dropped within sight of the 38th Parallel north of Seoul in an effort to cut off the retreat of 15,000 Korean Communists.

Within half an hour after the drop, sky soldiers of the 187th Regimental Combat Team had swarmed over their first objective, the low range of hills about 10 miles "south of 38."

Lieut.Gen. Matthew B. Ridgeway, Allied Ground commander in Korea, flew north in a light plane to inspect the paratroop "beachhead" and congratulate the 187th on the success of its mission.

As the paratroops floated down in a great array of many-colored chutes, a powerful tank column churned north from Seoul to close the trap on the retreating Koreans.

The armored column was part of three Allied divisions driving north on a 15-mile front.

Allied leaders said that all or a major part of the Korean First Corps had been caught between the two forces.

C-119 "Flying Boxcars" carried the vanguard of the airborne force north in sunny, windless weather. At 9:01 a. m. red, green, yellow and white parachutes blossomed from the lead planes.

In three minutes, a whole battalion had jumped and was floating to earth through a haze of smoke from fires set by Allied fighter bombers earlier in the day.

For the next hour, the sky rained men, ammunition, jeeps, trucks and guns.

The last drop was the heavy one. Cases of ammunition, three-quarter ton trucks, jeeps, 75mm and 105 mm howitzers floated to earth, each gun swinging under a cluster of three oversized white chutes.

The mother is the former Maxine Akers and the grandparents are Mr. and Mrs. H. M. Akers of Cameron and Mr. and Mrs. Seth Corley, Sr., of Buckholts.

Joseph Olis Dies Here Thursday

Joseph Olis, 87, died Thursday March 22 at the home of his daughter, Mrs. Annie Zalesky in Cameron.

Mr. Olis had been in the city for only about a month prior to his death but had been in declining health for a number of years. He was a native of Czecholovakia born in 1864 and came to America in 1903 where he settled in Bell County and had lived until about six years ago. He had resided the past six years with his son, Henry Olis near Buckholts. He was well known in the Buckholts Community and his many friends were sorrowed to learn of his death.

Funeral services were to be held from the Pace Funeral Home, with Rev. F. J. Kostohryz, Pastor Checz-Morivian Church, Temple, at 3 P. M. Saturday, March 24, officiating.

Interment in the Seaton Cemetery, Local arangements are with the Mark-Burns Funeral Home.

Surviving are two sons, Henry Olis of Buckholts, and Randolph Olis of Austin, four daughters, Mrs. Mary Dolezal of Bruceville, Mrs. Annie Zalesky and Mrs. Rosa Vybrial of Cameron and Mrs. Betty Sefcik of Temple. Twenty-five grandchildren also survive.

Committee To Contact Officials

The rural telephone committee of the Farm Bureau Members that was recently appointed met Wednesday night, according to Valter White, chairman.

The group discussed the situation from various viewpoints and made plans to contact C. C. Countess of Belton and J. R. Dowdy of Salado, to determine th eprocedure of organizing a cooperative system and get any such needed information concerning rural telephones.

Mr. Countess is president of the Texas Farmers Telephone Company and Mr. Dowdy is manager and they have been very active in the rural telephone project in Bell County. They are very much interested in rural telephone progress in that area and devote much of their time and interest to the activities.

George W. Haggard, Deputy Administrator of the United States Department of Agriculture recently released information to S. W. McClaren, Texas Farm Bureau Director of District 8 by letter on the "Pre-Loan Procedure for Rural Telephone Cooperatives," which was prepared especially for the guidance of rural groups desiring to organize their own telephone system.

The Telephone Cooperative Act, H. B. No. 30, passed at the recent special session of the Texas Legislature, appears to be the most suitable statute available for the incorporation of telephone cooperatives. This act provides for the organization of nonprofit membership corporations, and, with one possible exception, contains no special limitations or unusual requirements which would appear to hinder the operations of a prospective borrower.

Telephone service through new cooperative organizations are normally sought by rural people where there is no telephone service available to them, or where existing suppliers of telephone service are unable or unwilling to furnish adequate service. Usually development of telephone cooperatives may occur along various patterns depending upon the needs of each locality. They may be self-contained systems operating their own switchboard facilities, and trunk lines connecting to neighboring toll facilities, or systems composed of farmer-service lines connecting to existing town lines and facilities.

This policy should not by any means prevent the closest cooperation between rural electric and rural telephone cooperative organizations. Where it is necessary for rural people to take the initiative to provide adequate telephone service for themselves by forming new telephone cooperatives, the same persons who are now members of rural electric cooperatives might well form the nucleus of the new telephone cooperative.

REA has already communicated to its rural electrification borrowers its suggestion that they use their facilities of communications with their own members to inform them of the telephone loan program and to start them thinking about the best ways of securing area coverage telephone service in their areas. Consideration should be given to joint utilization of facilities by both cooperatives to achieve savings in costs and eliminate structural conflicts.

The committee is composed of Mr. White, Tom Stidham, Hubert McClaren, Cleve McCall, O. G. Tumlinson, L. C. Boyd and Gilford Thweatt.

Some of these men are planning to make a trip to the Lubbock and Plainview area of the state and find out just what is being done along the rural telephone situation in that part of the state. These men plan to make a thorough study of the rural setup and will make a report of these activities and progress as soon as possible.

The interest among rural subscribers regarding the matter is increasing with great rapidity and every means is being taken to promote the situation to get telephone service to the rural areas within the near fuaure.
